

722 60 CONFERENCE CENTER (BACHELOR HOUSING OPERATED) (SM)

This category code is for inventory purposes only, and includes only those conference rooms operated by Bachelor Housing. No specific criteria are provided.

Existing bachelor quarters may have spaces that are no longer required by current criteria or bachelor housing practices, such as lounges and galleys (attached or detached). If these spaces cannot be physically or economically converted to bachelor quarter rooms, or a surplus of bachelor quarters rooms exists at the activity and region, these spaces may be converted to conference rooms with the approval of the Regional PM for Bachelor Housing.

Conference rooms should preferably be located in, or adjacent to, transient quarters so conference attendees staying in transient quarters may take advantage of the proximity.

Conversion of bachelor quarters rooms into conference centers or meeting rooms is not allowed unless there is a projected surplus of bachelor quarters rooms. In addition, the requirement for conference centers or meeting rooms can not be used to justify new Bachelor Quarters construction.
