

DEPARTMENT OF THE NAVY
OFFICE OF THE CHIEF OF NAVAL OPERATIONS
2000 NAVY PENTAGON
WASHINGTON, D.C. 20350-2000

IN REPLY REFER TO
4000
Memo N462C2/317-99
28 Apr 99

MEMORANDUM FOR DISTRIBUTION

Subj: DEPARTMENT OF THE NAVY ENVIRONMENTAL POLICY MEMORANDUM
98-05; ALTERNATIVE FUELED VEHICLES AND COMPLIANCE WITH THE
ENERGY POLICY ACT (EPACT) OF 1992 AND EXECUTIVE ORDER
13031

Ref: (a) ASN (I&E) memo of 16 Jul 1998 (NOTAL)
(b) Executive Order 13031, 61 Fed. Reg. 66527 (Dec. 17, 1996)
(c) Energy Policy Act (EPACT) of 1992, 42 U.S.C. 13201 et
seq. (1992)

Encl: (1) Navy Vehicle Fleets Covered by EPACT AFV Acquisition Rule
(2) Navy Light Duty Vehicle Equipment Codes

1. By reference (a) the Department of the Navy is committed to the alternative fueled vehicle (AFV) acquisition goals as set forth in references (b) and (c). References (b) and (c) require activities within a Metropolitan Statistical Area (MSA)/Consolidated MSA to acquire, through purchase or lease, 75% of their new light duty vehicles (less than 8,501 pounds GVW) as alternative fueled vehicles, except for those specifically exempted by paragraph (b) (3) of reference (c)

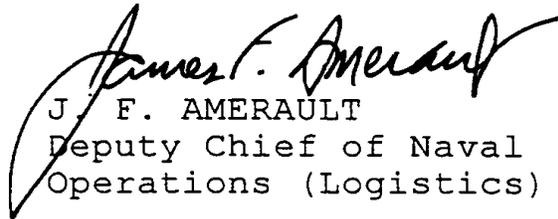

2. Reference (a) further requires that all non-tactical light duty vehicles, not specifically exempted, acquired by the Department of the Navy shall be capable of being powered by alternative fuels, unless the Chief of Naval Operations (N4) specifically waives the requirement. This policy applies to all vehicle procurement activities, including Navy Working Capital Fund (NWCF) activities.

3. Enclosure (1) is a list of Navy activities that are within an MSA or a Consolidated MSA. However, all Navy shore activities within the United States shall comply with Navy policy. Enclosure (2) is a list of vehicle equipment codes that are considered to be light duty and therefore subject to the EPACT AFV Acquisition Rule and reference (a). The responsibility for compliance with this policy rests with the Naval Facilities Engineering Command (NAVFACENGCOM) for all vehicles centrally Procured for appropriated activities by NAVFACENGCOM.

Subj: DEPARTMENT OF THE NAVY ENVIRONMENTAL POLICY MEMORANDUM
98-05; ALTERNATIVE FUELED VEHICLES AND COMPLIANCE WITH THE
ENERGY POLICY ACT (EPACT) OF 1992 AND EXECUTIVE ORDER
13031

Other activities, including NWCF activities, which provide funds for acquisition of vehicles, are required to meet the AFV acquisition targets for each fiscal year. Any deviation from this policy must be approved by a written waiver. Waivers for nonavailability of vehicle type/size or the lack of requisite infrastructure may be approved in writing by the NAVFAC Transportation Equipment Management Centers (TEMCs). All other waiver requests must be forwarded to the Chief of Naval Operations (N46) for approval via NAVFACENGCOM HQ(PWT).

4. If you have questions contact your Transportation Equipment Management Center: LANTNAVFACENGCOM TEMC at (757)322-4000, DSN 262; PACNAVFACENGCOM TEMC at (808)474-5976 DSN 315-474-5976. My point of contact is Ms. Barbara Howell. She can be reached at (703)601-1046, DSN 329-1646.
