

**Finding of Suitability to Lease**

**Space Used by GTE for an Unmanned switch gear,  
Naval Support Activity Northwest, Chesapeake, VA  
File No. LIC-0-0281**

In accordance with ASN I&E Memorandum of 22 December 1993, I have reviewed the Environmental Baseline Survey (EBS) Checklist and related appropriate information concerning this property as provided by Tracie Owens, Realty Specialist, Hampton Roads/Iceland IPT in Memorandum to Atlantic Division, Naval Facilities Command, Code EV32 dtd 11 February 2003.

Commander, Navy Region, Mid-Atlantic (Regional Engineer) has requested a Finding of Suitability to Lease (FOSL) to be prepared for the use of space behind the US Coast Guard BEQ off Northwest Blvd by GTE. No preceding FOSL appears to exist in the LANTDIV FOSL record for the building space under this file number. An Environmental Baseline Survey (EBS) Checklist was prepared on 4 Dec 2002 by Marty Costello and no environmental conditions of concern were noted.

Hazardous substances or petroleum products have not been stored for one year or more or known to have been released, treated or disposed of on the parcel.
